**Features and Components**

A cost-effective snap-on coping system designed for use with single ply, built-up and modified bitumen roofing systems. The system consists of galvanized steel anchor clips and aluminum or galvanized coping covers in a variety of thicknesses and colors.

**Anchor Clips:** 12” wide Galvanized steel base with stainless steel spring clip designed to keep upward pressure on the coping cover. Pre-punched for proper fastener location.

**Coping Cover:** Available in 12 ft (3.7 m) lengths of either aluminum or galvanized steel, lengths and gauges listed below.

**Concealed Splice Plate:** 8” (20.3 cm) wide plate, with metal and finish to match cover, and dual non-curing isocryl butyl sealant strips to allow for thermal movement and seals joints.

**Finishes:** Steel and aluminum available in a number of standard Kynar® 500 colors, aluminum also available in mill and anodized finishes. Custom colors available upon request.

**Accessories:** Factory-fabricated miters, end caps, and tees are available with “quicklock” or welded seams.

**Custom Capabilities:** Quicklock and welded radius coping available along with other specially fabricated coping products to meet the needs of the project.

*Kynar® is a registered trademark of Arkema, Inc.*

**Peak Advantage® Guarantee Information**

Covered under the JM Peak Advantage Guarantee when installed in a JM approved roofing system.

---

**Codes and Approvals**

- FM Global® up to 1-90 Approved
- Meets criteria for ANSI-SPIES ES-1 Wind Design “Standard for Edge Systems Used with Low-Slope Roofing Systems.”

---

Refer to the Material Safety Data Sheet and product label prior to using this product. The Material Safety Data Sheet is available by calling (800) 922-5922 or on the Web at www.jm.com/roofing. For technical assistance, please call (800) 445-1500.

---

* Special sizes, shapes, metals, and arched and radiusd coping available upon request.
* Custom fabrication to fit exact job requirement. Available in both tapered and flat designs.
* Tapered (shown above) is recommended.
